

HIGH SCHOOL STUDENTS HIGH SCHOOL STUDENTS HIGH SCHOOL STUDENTS

HIGHLAND IS YOUR POST-SECONDARY EDUCATION PARTNER!

Taking college classes while still working towards earning a high school diploma is a great opportunity for students to get a head start on their college experience. Highland Community College enables dual enrollment students to explore courses that may not generally be offered through their high school curriculum. Whether working towards an HCC degree or certificate, preparing to transfer to another college upon completion of high school, or simply getting insight into the college experience, dual enrollment exposes students and their families to valuable lessons that will support their remaining college career. Students can begin taking college courses after completing their freshman year of high school. Check out these course suggestions by career area or give us a call to discuss the best path that fits your needs!

[^]Excel in CTE courses. Tuition and Fees are waived. Students are responsible for textbook rental fee and any consumable items.

*The Kansas Board of Regents has approved over 100 courses for guaranteed transfer among all Kansas public post-secondary institutions. Additional courses may also be eligible for transfer. System Wide Transfer courses transfer to any Kansas public institution offering an equivalent course. The decision of lower division courses to count toward upper division credit hours is at the discretion of the receiving institution. Visit http://kansasregents.org/transfer_articulation for complete details.
